

**SOUTH CAROLINA PUBLIC SERVICE COMMISSION**

**STANDING HEARING OFFICER DIRECTIVE**

**DOCKET NO. 2017-2-E ORDER NO. 2018-50-H**

**APRIL 25, 2018**

**Standing Hearing Officer: David Butler**

**DOCKET DESCRIPTION:**

**Annual Review of Base Rates for Fuel Costs for South Carolina Electric & Gas Company**

**MATTER UNDER CONSIDERATION:**

**Request of August K. Strasburger, owner of The Turning Point, for an Extension of Time from April 27, 2018 until and including May 11, 2018, to connect its solar facilities to South Carolina Electric & Gas Company (“SCE&G”).**

**STANDING HEARING OFFICER’S ACTION:**

**August K. Strasburger, owner of The Turning Pointe, requests an extension of time from April 27, 2018 until and including May 11, 2018 to connect its solar facilities to South Carolina Electric & Gas Company (“SCE&G”) under its Bill Credit Agreement program. Strasburger states that he is working toward the April 27, 2017 completion date, but is requesting a two week extension to be on the safe side.**

**The Commission had previously acted to grant interested parties time to implement solar development. Commission Order No. 2017-246 allowed customers already approved by SCE&G to participate in the Bill Credit Agreement for Renewable Energy Facilities (“BCA”) program an additional twelve (12) months to successfully interconnect infrastructure facilities to SCE&G’s system. SCE&G’s customers currently have until April 27, 2018, to interconnect with SCE&G. SCE&G does not object to the extension requested by Strasburger. Accordingly, Strasburger is granted a two week extension until and including May 11, 2018 to interconnect its solar facilities to SCE&G.**
